INDEPENDENT AUDITORS' REPORT

Board of Directors
Patriot Paws Service Dogs
Rockwall, Texas

We have audited the accompanying financial statements of Patriot Paws Service Dogs, which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors
Patriot Paws Service Dogs

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Patriot Paws Service Dogs as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**PATRIOT PAWS SERVICE DOGS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Patriot Paws Service Dogs (the Organization) was incorporated in 2005 to be operated as a charitable organization. The Organization's mission is to train service dogs that will enhance the lives of disabled veterans and other Americans with mobile disabilities.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Cash and Cash Equivalents

For the purposes of the statements of cash flows, the Organization considers all cash and other highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

At December 31, 2018 and 2017, cash and cash equivalents were in excess of the Federal Deposit Insurance Corporation (FDIC) insurance limit. Management is aware and believes the risk of loss to be remote.

Property and Equipment

Property and equipment purchases are recorded at cost. Contributed items are recorded at fair market value at date of donation. If the donor stipulates how long the assets must be used, the contributions are recorded as temporarily restricted support. In the absence of such stipulation, contributions of property and equipment are recorded as unrestricted. Depreciation is recorded through the use of the straight-line method over the estimated useful life of the asset. Items costing or valued over \$500 are capitalized.

Deferred Financing Costs

Deferred financing costs represent costs incurred in connection with the issuance of long-term debt. Such costs are being amortized over the term of the respective debt using the straight-line method, a method which approximates the effective interest rate method. At December 31, 2018 and 2017, deferred financing costs were \$16,530. At December 31, 2018 and 2017, accumulated amortization of deferred financing costs was \$6,970 and \$5,317, respectively. Amortization expense related to the deferred financing costs was \$1,653 at December 31, 2018 and 2017.

Net Asset Classification

Net assets and revenues, gains and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

**PATRIOT PAWS SERVICE DOGS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization has none with perpetual restrictions as of December 31, 2018. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions

Contributions, unconditional promises to give, and other assets are recognized at fair values and are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor.

We report contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as Net Assets Released from Restrictions.

Donated Services, Materials, and Rent

Contributions of noncash assets (materials and rent) are recorded at their fair values in the period received. Contributions of services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and which would typically need to be purchased if not provided by donation, are recorded at their estimated fair values in the period received.

The Organization has received the following in-kind donations for the years ended December 31:

	<u>Valuation Method</u>	<u>2018</u>

Total In-Kind Contributions		<u>\$ 130,581</u>

All of the donated materials are program in nature and reflected in the functional expenses as such. A large number of volunteers support the Organization's operations. These services are not reflected in the financial statements because they do not meet the requirement for recording of services in accordance with accounting principles generally accepted in the United States of America as they neither 1) enhance the value of a nonfinancial asset nor 2) are provided by a professional within their profession.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from the estimates used.

Advertising Costs

Advertising costs are expensed as incurred. Total advertising expense for the years ended December 31, 2018 and 2017 were \$58,538 and \$47,227, respectively.

Income Tax

The Organization has tax exempt status under Section 501(c)(3) of the Internal Revenue Code. The Organization has adopted guidance in the income tax standard regarding the recognition of uncertain tax positions. This guidance prescribes recognition threshold principles for the financial statement recognition of tax positions taken or expected to be taken on a tax return that are not certain to be realized. During 2018 and 2017, the Organization's evaluation did not identify any uncertain tax positions.

**PATRIOT PAWS SERVICE DOGS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle

On August 18, 2016, FASB issued Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. We have implemented ASU 2016-14 and have adjusted the presentation in these financial statements accordingly. The ASU has been applied retrospectively to all periods presented except for the liquidity disclosure in Note 9, which resulted in no change to the previously reported net assets.

Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through July 9, 2019, the date the financial statements were available to be issued.

On February 8, 2019, the Organization signed a settlement to avoid litigation with a general contractor. Terms of the settlement included reducing the retainage payable owed by the Organization by \$83,300. This reduction has, therefore, been recorded on the Statement of Activities as “Settlement Income” as of December 31, 2018. Also see discussion in Note 8.

On January 11, 2019, the Organization executed a lease agreement to commence on January 24, 2019 for certain program uses at a rate of \$1,000 per month for twelve months.

NOTE 2 INVESTMENTS

Investments consist of the following as of December 31:

	2018	2017
Equity Securities	\$ -	\$ 22,424
Money Market Funds	501	500
	<u>\$ 501</u>	<u>\$ 22,924</u>

Investments are exposed to various risks such as interest rate, market, and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

**PATRIOT PAWS SERVICE DOGS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

NOTE 3 FAIR VALUE MEASUREMENTS

The Organization uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. The Organization follows the accounting policy which measures fair value using a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (*Level 1*) and the lowest priority to unobservable inputs (*Level 3*). The Organization may use valuation techniques consistent with the market, income and cost approaches to measure fair value. The inputs used to measure fair value are categorized into the following three categories:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stocks, corporate and government bonds. The Organization has the ability to access as of the measurement date.

Level 2 – Inputs, other than quoted prices, that are observable for the asset or liability either directly or indirectly, including inputs from markets that are not considered to be active.

Level 3 – Inputs that are unobservable. Unobservable inputs reflect the Organization’s own assumptions about the factors market participants would use in pricing an investment, and is based on the best information available in the circumstances.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Assets measured at fair value as of December 31, 2018 consisted solely of \$501 of money market funds measured at cost.

Assets measured at fair value as of December 31, 2017 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:

NOTE 5 LONG-TERM DEBT

In May 2014, the Organization financed the purchase of a building property adjacent to its current location for future expansion. In September 2015, the Organization financed the purchase of a building and property adjacent to its current location for future expansion. During 2016 and 2017, the Organization financed construction costs for its facilities expansion. Long-term debt at December 31, 2018 consisted of the following:

	Principal	Unamortized Debt Issuance Costs
5.1% mortgage loan, due May 2024, collateralized by property located at 254/272 Ranch Trail with a net book value of \$451,097	\$ 300,711	\$ 6,489

NOTE 10 FUNCTIONALIZED EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Expenses that are directly and fully related to program or management and general are categorized as such and not allocated. Direct program expenses, if used by more than one program, are split evenly between them. Salaries and related expenses are allocated based on employee job description and estimated time spent on the function. Expenses, other than salaries and related expenses, which are not directly identifiable by function, are allocated based on square footage.
